EDUCATION

Ph.D. in Economics
Sichuan University, Chengdu, China
2015 – 2018
Thesis: *Population Transformation, Technological Innovation and China's Long-Term Economic Growth*

M.A. in Economics
Southwest Petroleum University, Chengdu, China
2009 – 2012

B.A. in Mathematics and Applied Mathematics
Nankai University, Tianjin, China
2004 – 2008

ACADEMIC POSITIONS

Associate Professor, School of Business, Sichuan Normal University
Chengdu, China | *July 2021 – Present*

Lecturer, School of Economics and Management, Southwest University of Science and Technology
Mianyang, China | *July 2018 – June 2021*

Assistant Researcher, Institute of Economic Development, Sichuan University
Chengdu, China | *July 2012 – June 2015*

RESEARCH INTERESTS

Macroeconomic Theory & Policy | Population Economics | Resource & Environmental Economics | Technological Innovation & Growth

SELECTED PUBLICATIONS

*(Peer-reviewed; * = corresponding author)*

1. **Li, D.**, Wu, Y., & Fu, Z. (2024). The influence of Confucian culture on household decisions to purchase commercial insurance. *Financial Regulation Research*, (10), 61–76. (CSSCI)

11. **Li, D.**, Gou, C., & Li, S. (2025). Language barriers on the move: How dialect differences affect income levels of internal migrants. *World Regional Studies*, 34(9), 158–170.
12. **Li, D.**, Wu, Y., Gou, C., & Tian, Y. (2024). Impact of population structure on carbon emissions: A dynamic simulation approach. *International Journal of Agricultural Sustainability*, 18(4), 321–335. (SCI, JCR Q1)

Total: 30+ peer-reviewed papers; 20+ in CSSCI-indexed journals; 10+ as first/corresponding author.

GRANTS & RESEARCH PROJECTS

(All as Principal Investigator)

- **National Social Science Fund of China**
  Mechanisms and Pathways through Which Demographic Transition and R&D Innovation Drive Industrial Structural Change
  (2020–2025)
- **Ministry of Education – Youth Project**
  Demographic Transition, Technological Innovation, and China's Long-Term Economic Growth
  (2019–2021)
- **Ministry of Education – General Program**
  Trade Corridor Development, Factor Endowment Shifts, and Economic Growth in Inland Border Counties
  (2025–2028)
- **Sichuan Provincial Social Science Fund**
  Micro-level Mechanisms of Two-way Urban-Rural Factor Flows under Integrated Development
  (2026–2028)
- **Sichuan Provincial Social Science Fund**
  Building a Fertility Support Policy System under Low Fertility in Sichuan
  (2026–2028)
- **Sichuan Provincial Social Science Fund (Statistics Special)**
  Statistical Measurement and Optimization of Science and Technology Resource Allocation
  (2019–2020)

HONORS & AWARDS

- **Top 1% Highly Cited Scholar in Applied Economics**, CNKI (2024, 2025)

- **Outstanding Communist Party Member**, Sichuan Normal University (2023)
- **National Scholarship**, Ministry of Education, China (2017)

PROFESSIONAL SERVICE

- **Peer Reviewer**:
  Annals of Public and Cooperative Economics (SSCI),
  Humanities and Social Sciences Communications (SSCI),
  International Review of Economics and Finance (SSCI),
  Rural Economy (CSSCI)
- **Academic Outreach**:
  Host of Bilibili academic channel: space.bilibili.com/433378845

TEACHING EXPERIENCE

- Macroeconomics / Economic Policy (Graduate)
- Statistics & Econometrics (Undergraduate/Graduate)
- Research Methods in Social Sciences (Undergraduate)

LANGUAGES & TECHNICAL SKILLS

- **Languages**: Chinese (Native), English (Professional Proficiency)
- **Software**: Stata, MATLAB, R (basic), LaTeX
- **Methods:** Applied Micro Metrology/ Causal Inference, DSGE Modeling, DEA Efficiency Analysis
